

Leader SAR All-Risks

HIGH PERFORMANCE HELMET

SPECIFICATIONS:

The **Leader SAR All-Risks** is a high performance helmet with the facility to fit a variety of accessories.

The helmet has a **high level of impact protection** with **100 joules on crown** and **90 joules off-crown**. This gives the wearer excellent protection from impact/shock both from above or from the sides.

The **Leader SAR All-Risks** is **tested to nine** different **standards** giving it the versatility to be used in a wide range of applications to include:

- **Search and rescue** / Confined Space / CBRN
- **Water rescue** / Swift Water / Marine / Ribs / Hovercraft
- **Working at height**
- **Forestry fire fighting**
- **Ambulance** / E.M.S
- **Wildland fire fighting** / General area search
- Quad bike / Snowmobile / Equestrian

Approvals:

- EN14052:2005 High performance safety helmet
- EN397: Flame resistance
- EN12492 Working at height / Mountaineering
- PAS 028:2005 Marine safety helmet
- FS/1 Quad & ATV helmet
- EN1384 Equestrian helmet
- EN166:2002 Industrial eye protection
- EN352-3:1997 Hearing protection

Being it visible at various angles.
This makes the **helmet far more visible**
than standard helmets.
Six strips of SOLAS tape are fitted
to each helmet.

Colours choice

White Hi-viz yellow Hi-viz orange Red

Royal blue Navy blue Olive green Black

SECURITY & COMFORT

Easy attachment of accessories, including headsets and ear defenders

Retractable internal eyeshield

Meets the **EN166:2002 standard** for industrial eye protection.
Clear eyeshield for eye protection in any light conditions.

Options:

- Amber:

Reduces the haze of the blue light spectrum of sunlight. It sharpens the image, some small true colour distortion can occur.

- Smoked:

Reduces the brightness of the sunlight, without too much colour prejudice.

Deluxe replaceable sweatband

Comfortable internal harness

Easy ratchet mechanism

Comfortable foam pads

Comfortable harness

OPTIONAL VISORS

Half Marine visor

Full Marine visor

Marine visors

Designed to give **additional protection** from the elements when hazards are on fast vessels.

Made from Lexan Polycarbonate, a **very strong** clear thermoplastic. Meet the highest impact requirements according to **EN166**.

Forestry Mesh visor
