

S 511

Cutters

CUT WITH MAXIMUM FORCE.

The S 511 is our most powerful cutter and applies maximum force to the blades. This is particularly important if you have to cut solid B columns or materials made of high-tensile or ultra-high-tensile steel.

Advantages

- + up to 119 tons of cutting force offer enormous reserves of performance
- + Optimum blade geometry for maximum cutting force
- + High reliability in use due to robust blades with a long service life
