SP310 E2

Now also in the eDRAULIC version: superior versatility. Like its „hose line“ counterpart it offers a powerful combination of weight, opening and handling – and **even more strength!**

Its flexibility fills rescue organisations around the world with enthusiasm. Thanks to its patented multifunction tips and unique ergonomic design, it can spread, peel, pull and squeeze, without the need for changing tips. Thus your rescue work becomes even quicker and safer.

Advantages

- + eDRAULIC version with more spreading force, pulling force and spreading distance
- + Force values of a spreader with EN class BS
- + Spreading, peeling, crushing and pulling without the need to change tips
- + Powered by an optimised high-performance rescue battery
- + Rescue without power units and hoses
- + Standard delivery with carrying belt

Accessoires

Quick-change tip package “Diamond”
With extra grip for working on vehicle bodywork. The flat ends of the diamond tips have an extremely good grip and penetrate even the narrowest gaps.

In use

KSV 11 chain set

Length	2 x 6.6 ft / 2 x 2 m
--------	----------------------

KSV 20 quick-fit chain set

Length	2 x 7 ft / 2 x 2,2 m
--------	----------------------

Technical Data

SP310 E2

Spreading force	11,000 – 72,800 lbs / 50 – 324 kN
Spreading distance	28.54 in. / 725 mm
Squeezing force (with squeezing attachment) up to	27,430 lbs / 122 kN
Pulling distance	22.6 in. / 573 mm
Pulling force up to	9,900 lbs / 44 kN
Dimensions: l x w x h	37.6 x 14.4 x 11.3 in. / 955 x 365 x 287 mm
Weight*	52.0 lbs / 23,7 kg
Protection class	IP 54

*Weight without battery or power supply
