

S 799

Stronger than any other hydraulic cutter

[rescue.lukas.com/ Rescue +products/ Cutters/ S +799.html](https://rescue.lukas.com/Rescue+products/Cutters/S+799.html)

Advantages

- + Cuts through the material in one move, no matter where you position the tool
- + Stronger than any other hydraulic cutter: NFPA – All 9, EN – 5 x K
- + 204 mm opening width puts this cutter in the highest category according to EN 13204 (Class CC 200)
- + Cutting force: 1.376 kN, which is virtually 140 tonnes
- + Ideally suited to all standard and new vehicle materials

S 799

Stronger than any other hydraulic cutter

Technical Data

Cutting force up to	1.376 kN
Round steel up to	45 mm
Blade opening	204 mm
Dimensions	828 x 291 x 188 mm
Weight	21,3 kg
NFPA- classes	A9/ B9/ C9/ D9/ E9
EN- cutting performance	CC 200K-21,3
EN- classification	1K-2K-3K-4K-5K
