Because you never get a second chance

## THE NEW SP 555 E2

### **Powerful and light.** Sets the standard in the mobile all-rounder class.

Gives you time when every second counts: The SP 555 E2 rescue spreader allows real professionals to get their job done quicker, and more successfully! There are strong reasons for this breathtaking performance: The device has a sensational 16% reduction in weight compared to its predecessor SP 310 E2, and it can still show off its muscles! Its heart beats in the form of an optimised, high-performance rescue battery. In order to prepare the SP 555 E2 even better for its work, the squeezing plates are integrated directly into its arms. Plus, there are ultra-sharp "Shark Tooth" tips for irresistible grip. The SP 555 E2 is the benchmark when it comes to spreading, pulling and squeezing with mobile all-round tools. And on top it has an attractive design. A must for real professionals.

#### Facts

- + optimised performance: 16% lighter and 4% stronger than its predecessor
- + perfect for rescuing without power units and hoses
- + squeezing plates built into the arms
- + maximum performance thanks to innovative "Shark Tooth" tips

#### „Shark Tooth“ tips

The right grip for spreading when every second counts: the design of the specially developed "Shark Tooth" tips and their arrangement in 4 rows guarantee maximum bite!

Technical data		SP 555 E2	
Spreading force up to	11,690–147,924 lbf. / 52–658 kN	Pulling distance	22.4 in. / 569 mm
Spreading distance	28.7 in. / 730 mm	Dimensions L x W x H	39.4 x 10.4 x 11.0 in. / 1002 x 265 x 280 mm
Squeezing force	25,900 lbf. / 115 kN	Weight*	44.1 lbs. / 20.0 kg
Pulling force up to	13,039 lbf. / 58 kN	Protection class	IP 54

\*Weight without battery or power supply
